ARLINGTON, VA – Blackbox Migrations, LLC, a LLC partnership based in Arlington, VA today reorganized and will continue doing business as “BlackBox Partners.”

Additionally, with the transfer of 51% ownership to CEO William H. Dannenmaier, the corporation now qualifies as a Service Disabled Veteran-Owned Small Business (SDVOSB) as defined by the Small Business Administration’s office for small disadvantaged businesses. Today’s milestone represents the official enactment of the new Operating agreement as originally drafted November 9th, 2005.

Equity partners Todd Boss (Chief Technology Officer) and Glen Gulyas (President) will continue in their roles reporting to Dannenmaier and will each retain 24.5% ownership stake in the new company.

Status as a SDVOSB will enable the IT consulting firm to qualify for small business contracts specifically set aside for companies with the same qualifications, and will make BlackBox Partners an attractive teaming partner for all federal projects large and small.

William H. (Bill) Dannenmaier, the Chief Executive Officer of BlackBox Partners, LLC, has a broad background that crosses industries, functions, and cultures. Bill is a disabled veteran of the U.S. Navy with over 20 years of experience in managing people and projects. He is a Project Management Professional, PMP, with a depth of experience in the information technology and telecommunications sectors working with government agencies, startups, and established companies. He has served as a project manager in the United States, Switzerland, and Austria. He applies his extensive experience working in foreign languages and cultures to cross-cultural and "corporate cultural" issues. BlackBox Partners is a Service-Disabled Veteran Owned Small Business (SDVOSB) offering project management and database services.
