FAIRFAX, VA - BlackBox Migrations, LLC, doing business as BlackBox Partners signed a subcontractor agreement today with Advanced Systems, Inc (ASI) to help meet the requirements of General Services Administration (GSA) Veterans Technology Services Government Wide Acquisition Contract (VETS GWAC) No. GS-06G-0508Z issued to ASI and task orders issued under the VETS Contract.

This agreement gives BlackBox Partners access to the new VETS GWAC, a 5-year, \$10billion dollar acquisition vehicle specifically designed to promote and drive business to Service Disabled Veteran-Owned Small Businesses (SDVOSB) in the federal space.

BlackBox joins TeamASI, a consortium of more than 40 businesses collected by ASI in order to fully meet the requirements of the VETS GWAC solicitation. These 40 businesses, mostly SDVOSBs but also including some mid-to-large integrators, are actively working together and will aggressively bid on forthcoming task orders under the new vehicle.

For more information about the VETS GWAC and teamASI's service offerings, refer to the VETS Gwac home page <http://www.vetsgwac.com>
